This notice is to inform our valued members that Phelps Special Utility District Board of Directors held a regular meeting on May 8, 2024 at 7:00pm. During this meeting, the Board of Directors voted to increase the monthly rates for water service for all members, which will be reflective on your July 2024 billing statement.

The decision to increase water service rates did not come lightly. Phelps SUD, like many other utility companies we have taken on more capitol expenses for newer infrastructure and continue to incur rising expenses needed to operate, maintain, repair and upgrade our state compliant water system. We have a responsibility to our members to continue to provide safe, potable drinking water while maintaining a fiscal responsibility as well. We remain committed to keeping our rates as low as possible, while remaining competitive with our surrounding rural water departments.

Below you will find our adopted water rate schedule for 2024:
